I'm currently in my third year in computer science, I have a passion for coding and web-designing. I have completed both personal and school projects to highlight my problem solving skills. I'm very adaptable and excel at working under-pressure, hard working, organizational and social talkative are traits I've gained from my work and active lifestyle.

EDUCATION

- 2022 – Present Maynooth University, Maynooth, Co. Kildare.
 B.Sc. Computer Science & Software Engineering
 Year 2: 2.2
 Year 1: 2.2
 (See Appendix for result breakdown)
- 2016-2022 Castleknock Community College
 Leaving Certificate CAO Points: 427
 (See Appendix for result breakdown)

COMPUTING SKILLS

Programming Languages: Java, JavaScript, HTML, CSS, PHP, SQL, C++

Operating Systems: Windows, MacOS, Linux

Other: Good problem-solving skills, algorithms and data structures usage, Strong Critical Thinking Skills, Web Development Skills and Data Analysis.

PROJECT WORK

- Project Title:** Mobile Phone Store CRUD API
- Skills Learned:** I was assigned this task in my web-development class. I learned many valuable skills such as understanding how to link back-end data to an online server such as MongoDB. The goal of this assignment was using a REST API such as Insomnia and have CRUD functionally working. JavaScript was used for the back-end of this assignment, if a front end was required HTML and CSS is what I would've used to incorporate it.

EMPLOYMENT

February 2023 – May 2023

Dunnes Store, Blanchardstown Shopping Centre, D15XF59

Sales Assistant

Brief:

I learned many skills while working at this job, my social skills improved tremendously due to constantly communicating with my coworkers and customers, time management skills were essential as tasks needing to be completed in a certain time frame to suit customers, teamwork was essential as tasks needed to be completed every night so teamwork was key to completing said tasks.

Summer 2024

Plasterer

Brief:

While working with my uncle I learned many things but the most important skill I learned was hard work. Working on building sites taught me hard work and also improved me as a person as I was learning lifelong skills. I done a wide variety of tasks including preparing the plaster machine, preparing the houses, scratching the sprayed plaster upon drying and many more related to external plastering,

VOLUNTEERING

Summer 2024

Promotor Driving Academy

Media And Customer Inquiry Management

Brief:

While volunteering managing media and customer interactions from, I developed a variety of important skills. My self-discipline and independence were greatly enhanced, as I had to stay organized and motivated without direct supervision. I honed my digital communication skills through frequent online interactions with customers and team members, ensuring clear and professional correspondence. I also became proficient in content creation and social media management and maintaining a careful attention to detail to ensure accuracy and consistency in media outputs.

OTHER QUALIFICATIONS and SKILLS

- Near 2 years of full Irish license
- Fully fluent in English and Romanian
- Brief understanding of Spanish

ACHIEVEMENTS and INTERESTS

I have been playing football since the age of 5, and it has been a significant part of my life both competitively and recreationally. Over the years, I've won multiple leagues and cup games, even earning a spot in the local newspaper after a cup final victory. I have had the honour of being the team captain for the majority of my playing career, developing strong leadership and teamwork skills. In my free time, I continue to play with friends, maintaining my passion for the sport and staying active.

For the past 1.5 years, I have consistently dedicated myself to going to the gym, which has greatly enhanced my physical fitness and mental discipline. This commitment has taught me the importance of perseverance, setting and achieving personal goals, and maintaining a structured routine. Through my fitness journey, I've also developed strong self-motivation and time management skills, as balancing workouts with other responsibilities requires focus and planning. My experience at the gym has helped me build not only physical strength but also resilience and a strong work ethic.

APPENDIX

Third year modules

Software Design
Programming Languages And Compilers
Computer Networks
Team Project
Software Verification
Computation And Complexity

Second year results

Module Name	Grade %
Database	96
Algorithms And Data Structures 1	36
Algorithms And Data Structures 1	58
Computer Architecture	50
Web Information Processing	78
Operating System	40
Software Testing	69
Intro User Experience,User Interface (Ux,Ui)	74
Software Engineering And Software Process	63
Theory Of Computation	36
Calculus 3	47
Introduction To Statistics	55

First year results

Module Name	Grade %
Computer Systems 1	66
Computer Systems 2	50
Introduction to Computer Science 1	36
Introduction to Computer Science 2	40
Electronic Engineering Fundamentals	55
Electronic Engineering Fundamentals	41
Differential Calculus	41
Integral Calculus	58
Linear Algebra 1	73

Leaving Certificate

Subject	Grade
Engineering	H2
Spanish	H3
Maths	H4
Geography	H3
Romanian	H4
English	O4
